

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

I use my wireless phone for safety, security and EMERGENCIES. AM I TO DIE IN the GUTTER BECAUSE OF THE GREED OF CORPORATE USA. WHERE ARE SENIOR CITIZENS ON FIXED INCOMES GOING TO GET THE EXTRA MONEY? ARE YOU GOING TO INCREASE OUR SOCIAL SECURITY BENEFITS? I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,
